

SUPPORTING TENANTS TO RECEIVE ONGOING TSS

Explaining the ins and outs of the new evaluation for continuing Housing and Tenancy Sustaining Services for tenants served in PSH.

About CSH

CSH collaborates to advance solutions that use housing as a platform for services to improve the lives of the most vulnerable people, maximize public resources and build healthy communities.

About US

I'd love to hear who you are and where you work. Can you also share with me what keeps you in this work?

I stay in this work because...

Supportive Housing is the Solution

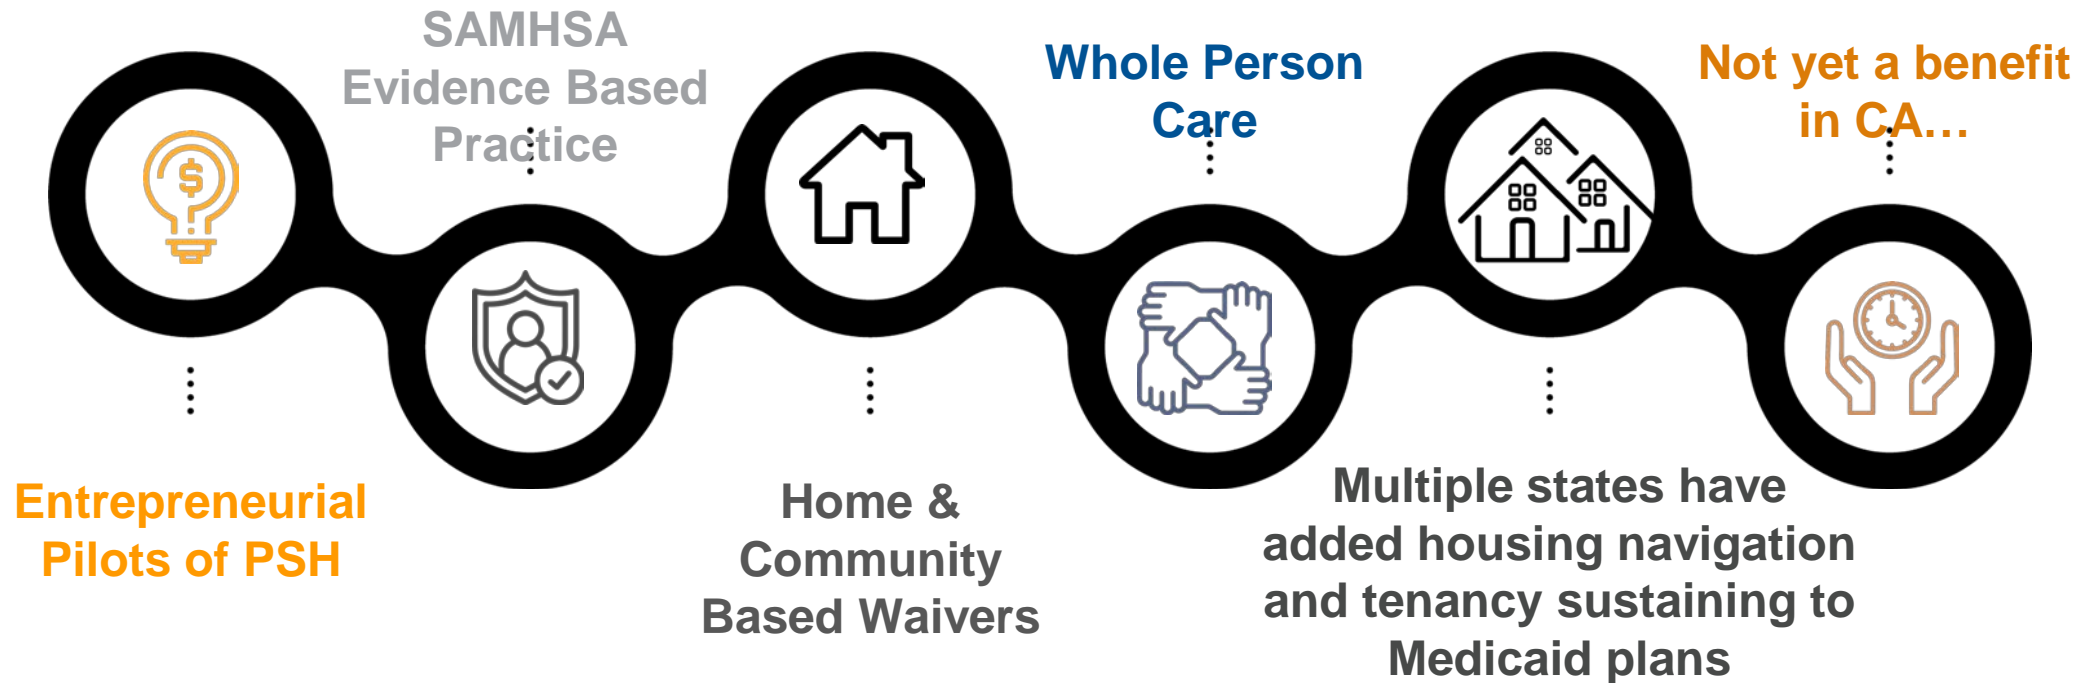

80% of supportive housing tenants are able to maintain housing for at least a year.

- ❑ Use of the most costly (and restrictive) services in homeless, health care and criminal justice systems declines when living in supportive housing
- ❑ Supportive housing tenants choose to participate in services even when they are not a requirement for tenancy

Setting the Stage

How & Why Health Care is Investing in Housing Services.

Today we'll review: Housing & Tenancy Sustaining Services Evaluation

Why Your Advocacy Matters

Continuing authorizations and reimbursement of services, for **all who need them.**

Authorization is only for tenants that have a demonstrated need for services- an evaluation is required

Many PSH tenants will need ongoing, long-term supports.

We know that housing stability, trusting community networks and recovery take time.

New Form

Introducing the Housing and Tenancy Sustaining Services Evaluation Form

Required to Re-authorize

- ☐ Demonstrate need for ongoing service
- ☐ Explain how your services will help the client to remain stably housed, and what you'll keep doing or do differently

Optional MCP Reimbursement Could Lead to Medi-Cal Benefit

- ☐ Community Supports are currently optional and vary across the state, plan by plan
- ☐ DHCS needs to see network capacity to make tenancy supports a benefit. Enter: Grant Opportunities

Supports Care Coordination

- ☐ Helps supervisors and case managers to assess major events and barriers from past 12 months and plan for next.
- ☐ Facilitates conversations with Enhanced Care Management & other providers

The Facts

A case manager will be responsible for completing the evaluation, to the best of their ability. The tenant is not required to be present. For any questions the case manager cannot answer, the tenant and other providers should be consulted.

Components of the PDF Evaluation:

- ☐ Names and Identifiers
- ☐ Assessment questions in True/False format of common criteria that support why a tenant may need ongoing service to remain successfully housed
- ☐ Automatically calculates # of True
- ☐ Case manager makes final recommendation
- ☐ All ongoing needs (Criteria marked False) require a service goal and timeline
- ☐ To be completed every _____ days (this is to be announced)
